---

## SKILLS

---

- Ruby - JavaScript - Python - Ruby on Rails - React - RSpec - RESTful APIs - Swagger - PostgreSQL - Firebase - HTML - CSS - Tailwind - Linux - Git - GitHub.
- Strong problem-solving and analytical skills.
- Ability to write clean, elegantly structured, secure by design, scalable code.
- Agile development methodologies and team collaboration.

## WORK EXPERIENCE

---

### The Pesto Group

Apr 2022 - Present

*Backend Software Engineer - Remote, U.S.*

- Drive the development and maintenance of robust Enterprise Resource Planning (ERP) software, with a primary focus on backend development.
- Collaborate closely with a cross-functional team to design, develop, and deploy scalable features.
- Implement a secure-by-design approach to comprehensive model creation.
- Craft APIs to facilitate seamless communication, ensuring interoperability and efficiency.
- Utilize Swagger for comprehensive documentation, enhancing accessibility and understanding.
- Conduct comprehensive unit and integration tests, ensuring proactive delivery of bug-free solutions.
- Lead efforts in refactoring and improving existing codebases, adhering to best practices to elevate code maintainability and system reliability.

### Victoria International Education

Feb 2018 - Sep 2021

*Foreign Language Teacher - Liaoning, China*

- Educate and mentor students of varying ages, skill levels, cultural and economic backgrounds.

### Holland Engineering

May 2016 - Jan 2018

*Engineer In Training - Holland, MI*

- Support land development projects by performing civil design calculations, transforming conceptual designs into detailed construction blueprints, and creating technical specifications per project criteria.

## EDUCATION

---

### Mimo Bootcamp

Aug 2021 – Apr 2022

*Web development certification*

- Comprehensive software engineering course with an emphasis on web development.
- Hands-on experience with modern web development technologies and frameworks.

### Calvin University

Sep 2012 - May 2016

*Bachelor of Science in Civil & Environmental Engineering*

- Calvin Men's Swim Team (Honorable Mention All-American, All-Conference, former school & conference record holder), Calvin Cycling Club (founder), Calvin Running Club, Board Game Guild.
- Technische Universität Berlin (2014) - Engineering, German language, and culture.
